Thoroughly Resigned to the Fact That He Cannot Recover.

THE MARRIAGE OF THE CZAROWITZ.

It Is Now Asserted That It Will Not Take Place at Livadia, Though There May Be Preliminary Rites There—The Czarina's Devotion.

ST. PETERSBURG, Oct. 26.—Rooms are being hastily prepared at the winter palace for the reception of the czarowitz. The work proceeds night and day. A manifesto has already been printed at the office of the Official Gazette for issue on the occasion of the czarowitz's marriage to Princess Alix. Two hundred thousand copies of this manifesto will be distributed on the wedding day.

The czar's strength is daily decreasing, but he awaits death with perfect composure. In order to counteract the depression of those about him he has ordered that the band at the palace play during lunch time. The czarina, though suffering severely, never quits her husband's side. She sits for hours beside the armchair occupied by the emperor, and watches by his bedside when he is unable to sleep. The czar, it is said, has made all his arrangements with a view to death. He has completed his will, and has verbally advised the czarowitz to consult M. Bunge, president of the committee of ministers, on political questions, and also to consult Grand Duke Michael on family matters.

Naturally there is great anxiety on the czar's account, but there are no apprehensions for the future except among the holders of high offices, who fear they may be superseded. It is expected that there will be extensive, though gradual changes in the internal affairs of the empire in the event of the czar's death, but the diplomatic circular from the foreign office, which it is customary to issue upon the demise of the crown, will doubtless announce that there will be no change in the foreign policy.

It is reported that Dr. Zacharin is opposed to an operation being performed upon the czar.

News is expected today or tomorrow of the formal induction of Princess Alix into the Greek church, and of the exchange of rings between her and the czarowitz, but there is no certainty of what may occur. There is little likelihood now that the marriage will be celebrated at Livadia. Official persons now deny that there will be any marriage service there, but they do not reject the likelihood of the two preliminary rites there.

The dispatch further says that the operations of the minister of finance to sustain the price of the rouble must be costing the government dearly. By offering gold to bankers and in rebating the price of paper roubles is kept tolerably firm, but there is a strong tendency to speculate in funds and other national securities despite the finance minister's partial appeal.

Secretary Carlisle Appeared To.

CHICAGO, Oct. 26.—Louis H. Kellogg, a German orphan girl, has been detained at Ellis Island, New York harbor, for over a month. Miss Kellogg was engaged to be married in her native city of Chemnitz, but on the eve of her wedding was deserted by her lover, after he had betrayed her. Then a wealthy sister in this city went to Germany and brought her to this country, but she was detained at Ellis Island on account of her condition. Prominent citizens have appealed to Secretary Carlisle in her behalf, and her relatives will guarantee that no orphan child will never become a public charge.

Mexican Insurrectionist Recaptured.

EL PASO, TEX., Oct. 24.—Victor L. Ochoa, one of the leaders in last winter's insurrection in Chihuahua, Mexico, was landed in jail here yesterday, having been recaptured near Toyah. Since his escape from the slaughter of his little army near the city of Chihuahua last winter he has made a trip through southern Mexico. He is charged in the United States court with having led a body of armed men into the territory of a peaceful sister republic.

On Trial for Alleged Murder.

DARLINGTON, S. C., Oct. 26.—The trial of Tillman's liquor spies for murder was commenced yesterday. The case against McLendon occupied the attention of the court all day. The testimony so far shows that the deed was cold blooded. The case against C. S. McCullough has been considered by the grand jury, and that body dismissed it by finding no bill.

The Braddock Postoffice Looted.

PITTSBURG, Oct. 26.—Thieves effected an entrance into the postoffice at Braddock during the night. They thoroughly ransacked all the mail bags and letter boxes, and carried off a number of letters which seemed to be valuable, together with stamps and a small amount of cash. An unsuccessful attempt was made to open the vault.

Marvelous Results.

From a letter written by Rev. J. Gunderson, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was taken down with pneumonia, succeeding laryngitis. Terrible paroxysms of coughing would last hours with little interruption, and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at McMonagle and Rogers' Drug Store. Regular size 50c. and \$1.00.

ANOTHER DEFEAT FOR CHINA.

Japanese Cross the Yalu River and Are Now Engaged in Battle.

TOKIO, Oct. 26.—Field Marshal Count Yamagata has telegraphed to the war office that a detachment of 1,900 Japanese infantry crossed the Yalu river on Wednesday morning and attacked the enemy. The Chinese force consisted of 600 cavalry and 100 infantry, with two guns. The enemy fled. The Japanese captured a Chinese fort, two guns and many rifles. The Chinese loss was twenty killed and wounded. The Japanese sustained no loss. The dispatch adds that the Japanese advance columns are marching upon Lish ien.

A dispatch dated W. J. Oct. 24, apparently delayed in transmission, was received here last evening, giving details of the above fight. It says that the Japanese were ferried over the Yalu river at Su-kochin at daybreak. Chinese earthworks had been thrown up to oppose the landing of the Japanese force, but a slight deviation enabled the Japanese to cross the river and land without opposition. The Chinese fled after the first few rounds were fired at them. The Japanese captured the works with a rush. The Chinese fled to batteries that had been constructed lower down the river, throwing away their arms in their flight. These were found to be antiquated muskets.

The advanced detachment now holds the Su-kochin ferry to guard the passage of the Japanese main body, the advance of which began at dawn yesterday. The Japanese engineers had pontoons thrown across the river in readiness for the army to pass over.

Later advices from the front show that the Japanese army crossed the river without further opposition and immediately advanced to the attack of the Chinese at Kienlense. The battle is now proceeding.

THE PRESIDENT AT WASHINGTON

Surrounded by a Cordon of Detectives in the Jersey City Station.

NEW YORK, Oct. 26.—At 3:20 yesterday afternoon President Cleveland, accompanied by Dr. Joseph D. Bryant and Miss Bryant, left the doctor's residence and was driven to the Pennsylvania railroad depot in Jersey City, where they met Mrs. Cleveland and the children, who came on the Colonial express from Greenwich, Conn. In a few minutes the chief magistrate and his family were on their way to Washington. A cordon of detectives surrounded the president during his wait at the depot, and no reporters were allowed to speak to him.

WASHINGTON, Oct. 26.—President Cleveland returned to the city last night by the Pennsylvania railroad after an absence of eight weeks, most of which was spent at Gray Gables. The president was accompanied by Mrs. Cleveland, the two children and their nurses and by Secretary Lamont, who joined the party at Baltimore on his way home from McGrawville, N. Y. Private Secretary Thurber was at the station to meet the president's family, and Mrs. Lamont was there to greet her husband.

May Not Have Been Sunk by the Paris.

SOUTHAMPTON, Oct. 25.—The watch officers of the American liner steamer Paris have made statements which throw additional light upon the collision reported yesterday, and which would seem to indicate that the bark may not have foundered after all. They say they believe the vessel is still afloat, and assert that the Paris only struck the bark's bowsprit, and did not touch her hull, and they conclude from this that a vessel so slightly damaged will probably report at some channel port before long.

Claiming Dr. Graves' Inheritance.

PROVIDENCE, R. I., Oct. 26.—Custodian Edwards, appointed by the court to take charge of the estate of the late Mrs. Josephine A. Barnaby, murdered in Denver, is alleged by Dr. Thomas Thatcher Graves, of this city, has just completed his inventory, which shows that the estate is worth \$65,347.87. Dr. Graves was a beneficiary under Mrs. Barnaby's last will for \$25,000, and his widow, now in Hartford, claims through her attorneys here the benefit thereof.

Ended His Troubles with a Bullet.

PITTSBURG, Oct. 26.—The dead body of Casper Schauf was found in an outhouse near his residence in Millvale borough, with a bullet hole through his head. He was out of work and despondent, and ended his troubles with a revolver. He was 46 years of age. His life was insured for \$4,000 and he was a member of several beneficial societies. He leaves two children.

Our Cotton Production.

WASHINGTON, Oct. 26.—For several months the statistician of the United States department of agriculture has been conducting an investigation regarding the acreage and product of cotton for the year 1893. His estimates are as follows: Acres planted in 1893, 10,525,000; number of bales harvested, 7,493,000.

Arrested for Attempted Train Wrecking.

DENVER, Oct. 26.—W. H. Irving, a ranch laborer, has been arrested at Windsor on a charge of attempted train wrecking. Last Monday evening, near Windsor, the passenger train on the Gulf road ran over a lot of rails placed for a distance of several hundred feet, but fortunately was not derailed.

Relief In One Day.

SOUTH AMERICAN NERVINE believes the worst cases of Nervous Prostration, Nervousness and Nervous Dyspepsia in a single day. No such relief and blessing has ever come to the invalids of this country. Its powers to cure the stomach are wonderful in the extreme. It always cures; it cannot fail. It radically cures all weakness of the stomach and never disappoints. Its effects are marvelous and surprising. It gladdens the hearts of the suffering and brings immediate relief. It is a luxury to take and always safe. Trial bottles 15 cents. Sold by J. E. Mills, Druggist, Middletown, N. Y.

NEW YORK POLITICS.

Party Headquarters of Both Sides Alive with Bustling Politicians.

NEW YORK, Oct. 26.—The campaign orators of both parties are now under full swing, and the general political situation all over the state is indicative of the fierce fight that will be fought out on election day. The most prominent men—Republican and Democrat alike—have been drafted into service, and the headquarters of both forces were never so alive with bustling politicians as the past two days.

The declaration of Congressman E. J. Dunphy, of the nomination of the New York Democracy for the Eighth district, was received yesterday, leaving J. J. Walsh, the Tammany nominee, a clear field. The Eighth district was one of those which a few days ago was thought might possibly be sacrificed by Tammany in the interests of harmony. Following this official announcement came the resignation of a number of the members of the New York Democracy from the Twenty-fourth assembly district, the deserters from Grace's organization at the same time announcing their intention of supporting the entire Democratic ticket. At both headquarters there was the usual rounding up of official statements, with none that might materially affect the situation either one way or the other.

The Republican managers are greatly elated over the fact that ex-President Harrison has consented to make a campaign speech in this city. It was finally decided that Carnegie Music hall was the most advantageous place that could be found, and they promptly engaged it for next Wednesday evening. The Hon. Levi P. Morton, Republican candidate for governor, will be on the stage, and it is possible that he will not as presiding officer.

General Harrison will remain about ten days in this city, and with the exception of one speech his time will be entirely devoted to private business affairs.

Eleven Entombed in a Mine.

IRONWOOD, Mich., Oct. 26.—What may prove to be the worst accident in the history of the Menominee ranch occurred on the fourth level of shaft No. 1 at the Pow-abie mine at 3 o'clock yesterday afternoon. One man is known to have been killed and eleven others are entombed, and their fate will not be known for eighteen hours, as it will take that length of time for a large force of men as can be employed in the narrow shaft to clear away the rubbish. The accident was caused by the sandstone capping which overhung the room coming away with sufficient force to crush the timbers without any warning. The body of Frank Gabardi, the man killed, has been taken out. Among the men imprisoned are John Farrell, Peter Helbergo, William Rickard and William Thomas. All have families.

The Express Company's Loss Reduced.

NEW YORK, Oct. 26.—L. C. Weir, president of the Adams Express company, received a pouch yesterday containing a number of bonds, insurance policies, stocks, drafts, bills of lading and other valuable documents. These papers were stolen from the company's safe in the express car of the train which was robbed at Aquia Creek, Va., on Oct. 12. The pouch was the one revealed by Searcy, the captured robber who has turned state's evidence. The recovery of these valuable documents reduces the loss of the Adams Express company by the robbery to less than \$3,000.

Long Litigation Ended.

TRENTON, Oct. 26.—The third trial of the case of Theodore Hodges, of Bound Brook, against the Lehigh Valley Railroad company for damages caused by an overflow of land due to the erection of a bridge embankment, ended in the United States court in a verdict for the plaintiff for \$800. The trial lasted several days. The case has been in court since 1885. The first trial resulted in a verdict for \$4,000 and the second for \$4,091.73. Both verdicts were set aside by the court on the ground of excessive damages.

A Murderer Betrayed by His Wife.

KANSAS CITY, Mo., Oct. 26.—While testifying in court here against his wife in a divorce suit, in which she sought separation, William Lacey, of Iola, Kan., was charged with the murder at that place last August of William Cummings. After his arrest his identification was established upon receipt from Iola authorities of his description. The murder was cold blooded, and at the time caused a decided sensation.

Guns Buried by Morgan, the Guerrilla.

MIDDLEBORO, Ky., Oct. 26.—In digging near Colonel Cottrell's farm near Cumberland Gap, seven miles below, workmen found a case containing twenty Winfield rifles. The case was stamped "John H. Morgan, 1863," indicating that the rifles had been buried there thirty years ago by the famous guerrilla. They are in a perfect state of preservation, and are not even rusted.

Moorish Troops Sent to Melilla.

TANGIER, Morocco, Oct. 26.—The Sultan has ordered Muley Amin to go to Melilla with a force of 700 infantry, 700 cavalry and four guns in order to mark out the Spanish and Moorish frontier. The Rif tribesmen have hitherto prevented the accomplishment of this part of the agreement arrived at between Spain and Morocco.

MILES SWEEP BY FLAME.

Disastrous and Fatal Prairie Fires in Nebraska.

FOUR LIVES KNOWN TO BE LOST

It Is Feared, However, That the List Will Be Greatly Increased When All Sections Are Heard from—Started by a Drunkard's Carelessness.

HIANNES, Neb., Oct. 26.—This week has been a direful one in a large portion of the sand hills. Devastating fires swept through the western part of Cherry and Grant counties, burning on the north side of the Burlington and Missouri railway track to within about four miles of Hiannes. Lashed on by a furious wind the fires traveled at a pace that carried consternation as well as destruction.

The fire north of the railroad was set first of the week by a man and his pipe, about ten miles north of Alliance. The man was intoxicated, and in filling and lighting his pipe threw the burning match on the ground, where it ignited the grass. In an instant a fire started, which, fanned by the northwest wind, at once set out on its mission of destruction.

It is reported that two men were fatally burned at Mullen. One is dead and the other is lying in a critical condition, and will die.

At about the same time another fire started on the south side of the track, burning everything from Lakeside to the Blue river. At present the fire is largely confined to the isolated districts of Sheridan, Grant, Thomas and Cherry counties. Little information is obtainable, as the fire is swept by a high wind, first in one direction, then in another, but the loss is known to be heavy.

The fatalities known are as follows, but unverified rumors declare many ranchmen were lost: E. L. Lochero, ranchman, caught by flames while trying to save his home; George Bliss, brother-in-law of Lochero; two unknown men.

In Sheridan county the fire has burned over forty miles of ground, and is still burning. The homes and stock of two men were burned, and their cattle range ruined. It will require thousands of dollars to repair the great damage of the fire. Nothing like the ruin has happened for years.

At Bedford, ten miles south, citizens were out until a late hour last night burning fire guards, and at this time the town is considered safe unless the fire should come in north of the strip burned over on Wednesday. The wind is blowing at the rate of sixty miles an hour and grave fears of fire are entertained, as the atmosphere is full of smoke and cinders.

Hundreds of thousands of cattle are grazing in Cherry, Thomas, Grant and other counties where these fires are raging. These cattle were sent there from the southern part of the state, where the drought has been felt so heavily, and were taken to the northern counties to graze for the winter. It is feared a large proportion of these cattle have perished in the flames. It is almost impossible to get any definite information concerning the fires, as they are at some distance from the railway station.

The loss to the farmers and stock raisers will be great, and the situation will be hard to bear this winter. It will be several days before any definite details as to the loss of life and property will be known.

A Brief Honeymoon.

WATERTOWN, N. Y., Oct. 26.—James Pierce, aged 27, and his wife came to this city from Ontario a few days ago and registered at the Harris House. Because of financial difficulties they decided to die together. Pierce is a native of Bristol, England. Yesterday he administered chloroform in an overdose to his wife and then took poison himself. Pierce is dead. Mrs. Pierce will recover. The couple were married three weeks ago at Kingston, Canada.

Denver Bootlers Indicted.

DENVER, Oct. 26.—The grand jury brought in indictments against seven constables and officials of justices' courts who are charged with having forged names on witness certificates, and defrauded the county out of thousands of dollars.

"There is Danger in Delay."

Since 1861 I have been a great sufferer from catarrh. I tried Ely's Cream Balm and to all appearances am cured. Terrible headaches from which I had long suffered are gone. —W. J. Hitchcock, late Major U. S. Vol. and A. A. Gen., Buffalo, N. Y.

Ely's Cream Balm has completely cured me of catarrh when everything else failed. Many acquaintances have used it with excellent results. —Alfred W. Stevens, Caldwell, Ohio. Price of Cream Balm is 50 cents.

Women say that a meal tastes better when prepared by some one else, and that is just the reason why Simmons' Liver Regulator is in such favor. It is already prepared in liquid and powder form. You don't need to make a tea. Another reason for this favor is that Simmons' Regulator is better than Pills for Biliousness, Sick Headache, Constipation and Indigestion. Sample package powder, 25 cents.

From a Methodist Minister.

CLARKSON, N. Y., Nov. 1892. —"I have used Gilmore's Aromatic Wine in my family, and for a debilitated system there is nothing to equal it in restoring vigor and strength, and for female weakness it stands without a rival. I most heartily recommend it to all who may be suffering from chronic malaria or biliousness." —Rev. E. J. Whitney. All druggists sell Gilmore's Aromatic Wine at \$1.00 per bottle.

FIGHTING COLLEGIANS.

The Freshmen Objected to Rules Laid Down by Upper Classmen.

BALTIMORE, Oct. 26.—The Johns Hopkins freshmen and freshmen had two encounters yesterday, and both sides are claiming victory. Meanwhile the university authorities and the police are trying to find who were in the fight and who got hurt.

The trouble arose over a proclamation issued by the juniors, and which was posted early in the morning on dozens of telegraph poles and fences in the university neighborhood. By this edict the freshmen were forbidden to carry canes, to smoke, to enter the gymnasium, and were ordered to make obeisance to the upper classmen. The phraseology of the "Ten Commandments" was used in framing the edict, and at the end were several jingles in which epithets were hurled at individual freshmen.

The freshmen attempted to tear down one of these posters. The juniors tried to prevent them, and in the scuffle that ensued black eyes were exchanged. The freshmen outnumbered their opponents. A stop was put to hostilities, but soon began again. A policeman and several janitors were on watch the remainder of the day to prevent any further disturbance.

EXPLOSION ON A WARSHIP.

It Results in Six Deaths and Serious Injuries to Twenty Others.

BREST, France, Oct. 26.—An explosion took place yesterday on board the French cruiser Arethuse while her engines were being tested preparatory to sailing for the east in order to reinforce the French squadron in Chinese waters, if such a step should be necessary. Six men were killed and twenty others badly scalded.

The first reports of the disaster which reached the shore magnified it considerably, and it was generally believed that one of the cruiser's boilers had burst. It is now believed, however, that the explosion was due to the bursting of a steam pipe. The disaster caused great excitement ashore and about the docks, and this was increased when it was discovered that fire had broken out on board the cruiser. The situation on board the warship finally became such that her commander brought her alongside one of the docks here, and the flames had to be extinguished by the crew, reinforced by detachments of marines and sailors from the dock yards, before the wounded could be extricated.

Victory for Whitewayites.

ST. JOHN, N. B., Oct. 26.—The count in the Trinity elections shows that Horwood, Cushee and Johnson, the Whiteway candidates, were elected by majorities ranging from 20 to 90, after the straightest party voting ever known on this island. The successful candidates are pledged, if they obtain a majority in the legislature, to demand a dissolution and resign their seats, so that the former Whiteway members, who were disqualified by the courts from sitting in this parliament because of bribery at the general election of last year, may be eligible for re-election.

Paid a \$4,000,000 Claim.

NEW YORK, Oct. 26.—The Minneapolis and St. Louis Railway company has paid to R. P. Flower & Co., as fiscal agents of the Chicago and Rock Island and Pacific Railway company, \$4,000,000, being the amount due the latter company for equipment bonds of the Minneapolis and St. Louis company, held by the Rock Island. This payment was provided for under the Minneapolis and St. Louis reorganization plan and settles a claim of long standing.

Awful Fall Through a Mine Shaft.

WILKESBARRE, Pa., Oct. 26.—As Hugh Smiley and David Cummings were on the carriage being hoisted up No. 1 shaft, Nanticoke, the latter from some cause slipped, and falling 200 feet down was crushed into a mass of flesh and bones. As he felt himself going he grabbed wildly for Cummings, but the latter managed to retain his hold. Deceased was 32 years old, and has a wife in England, whom he sent for a few days ago.

Buried Treasure Found.

DURANGO, Mex., Oct. 26.—While Juarez Herrero was herding a herd of sheep forty miles west of here he discovered a cave, which he partly explored. He found stored in the cavern a box filled with gold coins and ornaments valued at \$30,000. It is supposed to be part of the ill gotten gains of the brigand Benito Marez, who operated in that section about thirty years ago, and who was killed on one of his expeditions.

Another Town Held Up.

FORT SMITH, Ark., Oct. 26.—A report has reached this city to the effect that the little town of Gibson Station has been robbed in pretty much the same fashion as the Watouba hold up, the express office and several stores being looted. The place is six miles south of Waggoner, on the Missouri, Kansas and Texas road, and there is no telegraph office there. It is said that six men took part in the hold up.

SHEEHAN ON THE STAND.

The Police Commissioner Before the Lexow Committee.

WHY HE WENT TO THE METROPOLIS.

He Was Promised a Political Position Before He Left Buffalo—Police Officer Cooney Is Wholly Ignorant of Corrupt Practices Among His Fellows.

NEW YORK, Oct. 26.—Police Commissioner Sheehan was the star witness at yesterday's session of the Lexow committee. The news that Mr. Sheehan would appear on the stand spread rapidly throughout the city, and long before the afternoon session was called to order a big crowd blocked the passageway leading to the court room.

In the forenoon Wardman Cooney was called to the stand and questioned about his relations with Mrs. Hermann—the witness who was arrested in Jersey City on Wednesday. He denied in detail that she had ever given him money, a gold watch or a diamond ring, or that she had kissed him. The wardman was certain it was some other Cooney who was to have received the gold watch.

In reply to Mr. Goff the witness said that he tried several times to get evidence against Mrs. Hermann, at No. 129 West Third street.

"How did you try to get evidence?" "I went up to the door, rang the bell, and wouldn't be let in. They knew me and would not open the door."

The witness said he had not seen Mrs. Hermann for three years. He again denied he had been to the Grand Central depot with Mrs. Hermann.

"Do you mean to swear that you had no knowledge of Mrs. Hermann's leaving New York?" "I do."

"You are innocent of anything connected with Mrs. Hermann?" "Yes, sir, I am."

"Did you ever hear that the wardman was a collector for a captain?" "No, sir, except when I read it in the newspapers." "Don't you know that when you give me such an answer that you are lying?" "I do not, sir."

"How many disorderly houses were in the Fifteenth precinct when you were wardman there?" "I don't remember."

Mr. Goff tried in vain to jog the memory of the witness in regard to the figures and dates. He also asked him if he had ever arrested a burglar, and Cooney said he had arrested a burglar who had broken into a saloon kept by a man called King, at the corner of Mercer and Bleeker streets.

Mr. Goff also questioned him about the case of a man named Palmer, who was robbed of \$300 in a "panel house" in McDougal street. "I remember the case," said Cooney.

"Did you make an arrest?" "No, sir. There was nobody in when I called."

"How much of the shake down of the \$500 did you get?" "I did not get any."

"Is it not a common practice for the policeman to get 50 percent?" "I never heard of it until I read it in the newspapers."

Promptly upon the assembling of the committee after recess Mr. Goff conferred with the chairman a moment and then called: "Commissioner Sheehan."

Mr. Sheehan at once took the stand, but before he could be sworn Senator Center made a vigorous protest against the examination of the commissioner on the ground that his public duties necessitated his appearance at police headquarters. At first Mr. Goff excused Sheehan until this morning, as the commissioner had informed him that it was necessary for him to attend a meeting of the police board. Senator Center added that the examination of the commissioner be postponed until after election. Mr. Goff refused this. Then Commissioner Sheehan said that if he must appear today he might as well be examined at once and have it over with. Mr. Goff said: "Very well, the testimony will be proceeded with at once."

Mr. Goff then questioned the commissioner as to the location of the different station houses in his district. The commissioner's answers were given after some hesitation and attempts to refer to a small directory, which Mr. Goff objected to. According to Mr. Goff's recaptulation of Sheehan's answers the latter failed to correctly locate two of his station houses, as well as police headquarters.

"Does your mind get mixed up with the streets of Buffalo and the streets of New York?" asked Mr. Goff. "No, sir," replied the commissioner.

Mr. Goff then elicited from the witness the facts that he had come from Buffalo to this city about eight years ago upon assurance that he would be given a public position. He denied that he had ever acted as attorney for the Gould estate or that he represented the Gould interest.

Questioned about his law practice Mr. Sheehan said the bulk was in consultation, and that he drew a revenue from it of \$1,000 to \$5,000 a year. Mr. Sheehan said most of his time was spent at headquarters, and although his partner was now in Europe the business did not in any way interfere with his duties as police commissioner. He said he was a member of the firm of John C. Sheehan & Co., composed of John O'Brien and himself. This firm was doing a business in Long Island City, the contracts of which amounted to about \$500,000.

After some sharing between Mr. Goff and the commissioner with regard to Inspector Wilkes' connection with the Long Island City contracts and his efforts to secure a contract to ship an adjournment was taken.

Commissioner Sheehan did not care about going on the stand today. He said his business at police headquarters was too pressing. Mr. Goff would not excuse him.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from any objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

A Good Corn Crop—Working Hard for the Cause of Democracy—A Dog Poisoner at Work—A Good Candidate—The Low Price for Milk—A Good Teacher—An Epidemic of Colds.

Correspondence ARGUS and MERCURY.

—Corn husking is about finished. The crop, which it was feared would be a failure, is well up to the average of former years. Your correspondent has one of the best crops in years, the stalks being well loaded and the ears well filled.

—I notice that many farmers who have finished husking their corn have plowed up the stubble and are sowing rye and seeding down to grass. Those who have tried the plan in former years say it yields good results, both grass and grain seed taking well.

—Supervisor Samuel D. Roberson is working hard for the election of the Democratic candidates. The result of the Assembly Convention, though a disappointment to him, did not at all diminish his ardor, but had instead the effect of making him anxious to prove that he is no "kicker."

—A grand wedding is one of the events which the near future is said to have in store.

—James M. Green has been doing a large trade in butter, having sold several Delaware county dairies.

—Some contemptible wretches recently poisoned the valuable shepherd dog belonging to Thomas J. Dunn, of near here. Mr. Dunn valued the dog at \$25.

—The people of Orange county are fortunate in having as a candidate for County Judge such a man as John C. B. Taylor. He is a town of Crawford boy of the finest type, and is worthy of every vote cast in the town and county. He does not want \$3,000 for doing \$1,500 worth of work, nor would he be guilty of the audacious performance of striking for a higher salary.

—Litigation seems to be on the increase. There are a number of cases on Judge Green's docket for trial in the near future.

—Farmers did not take kindly to the drop of a quarter of a cent per quart recently made by the Milk Exchange. It was something they were not looking for at this season of the year.

—Miss Annie Bowen, of Port Jervis, who recently took charge of the school in District No. 5, near here, is we are pleased to say, giving most excellent satisfaction to both parents and pupils. She is a bright and intelligent young lady and a good teacher.

—Colds of quite a severe form are prevalent hereabouts, and quite a number are afflicted with them.

HAVEN.

Repairs to the Highway—Candidate Watson in Town—A Successful Teacher—On a Hunting Trip—Wild Ducks—Other Notes.

Correspondence ARGUS and MERCURY.

—The road from this place to the railroad received a thorough overhauling, last week, under the supervision of Commissioner David Rhodes. The roadbed through the swamp was raised over a foot, and we think it will not be overflown any more. We feel very thankful to our Commissioner for the interest he has taken in our roads and if he ever runs for an office in this town again Haven will not forget him.

—We had the pleasure of hearing some fine music at the Half Way House, rendered by Prof. James Burns, with his violin, accompanied by the talented organist and singer, Miss Annie Henderson.

—Our school is a success under the good and wise management of Miss McGowan, the teacher. The scholars all seem to be very much pleased with her and are making good progress.

—Mr. Geo. E. Hornbeck and a friend, of Port Jervis, called on us, last week. They were on a hunting and fishing tour. They went to Yankee Pond, but I guess their outfit was of about the same weight on their return as it was when they left home, for they reported game very scarce.

—L. H. Decker shot four wild ducks, one day last week. They seem to be quite numerous on the kill, this fall, but are very shy.

—Some wild geese have been seen in this vicinity, this week.

—Miss Julia T. Grimes spent a few days in Middletown, last week, visiting her brother and family. Mr. A. Grimes and family were also in your city, last week.

—The Haven Fur Co. is in it, this fall, judging from the odors we get here occasionally. Whew!

—A. Grimes is husking some very fine corn.

—Mr. Wm. Moore, who has been confined to his bed with rheumatism for some time, we are glad to learn is improving.

—We had the pleasure of meeting the Democratic candidate for Sheriff of Sullivan county. Mr. Watson is a very fine looking man and we doubt not if elected will be a good and efficient officer.

Personal Notes—Building Improvements—Law Suit.

Correspondence ARGUS and MERCURY.

—Thomas B. Boyle is having a large addition built on his house. Chas. Bradner is doing the work.

—A law suit, which was tried last Saturday between Harrison Hook, of Ellenville, plaintiff, and E. Budd, of Phillipsport, defendant, resulted in favor of the latter.

—F. M. Olds, of Newark, N. J., is in town on business.

—Mr. and Mrs. Ed. Devoe visited friends at Montgomery, last week.

—Mr. and Mrs. E. Sengstacken, of Stony Point, are visited with Mr. and Mrs. J. F. Orlotte, of this place.

—Miss Ella Lawrence visited relatives and friends at Montela, last week.

—Miss Della Hook is working at Charles Vanderlyn's in Greenfield.

—Mrs. Chas. O'Neill, of South Fallsburgh, is stopping with her son, Morris, at this place, for the present.

—The new dwelling house of Mrs. Ella Wilson is now in course of construction.

COOK'S FALLS.

Electric Signal—A Constable's Bad Luck—Personal and Other Notes.

Correspondence ARGUS and MERCURY.

—The electric signal at Cook's Falls works perfectly. It will be of great advantage to the O. and W. for if it had been in place last spring, the wreck here would not have happened.

—Constable Charles Mullin had a little bad luck, the other day. He had been smoking and put his pipe in his pocket without knocking all the fire from it. As he was passing Wormuth's hotel, his attention was called to the fact that smoke was coming from his pocket and examination showed that his pocket was on fire. It was with difficulty that the fire was extinguished.

—Ex-Sheriff B. W. Winner, of Liberty, was at Cook's Falls, a few days ago on business.

—J. A. Francisco, of Binghamton, is here and is preparing to reshingle his barn.

—Chas. Foote is still buying and shipping sheep and young cattle. He is a hustler.

—A. D. Wormuth is talking of changing his steam saw mill into a feed mill. This is a good site for a mill of that kind and Mr. Wormuth has good steam power for that purpose.

—There is talk of parties from New York building a new store at Cook's Falls. This locality is able to support two stores. Competition is the life of trade.

LOCTOWN.

Autumnal Services—Illustrated Sermons—Personal Notes.

Correspondence ARGUS and MERCURY.

—Mrs. Caroline Carpenter, of New York city, is visiting her sisters, Mrs. L. Decker and Jennie Buckbee, and her brother, John Buckbee.

—Quite a number from this vicinity and Oleville attended the autumnal services at Greenville, last Sunday evening.

—The illustrated sermons will begin at Mount Salem next Sunday night.

—It is very dull and rainy at present.

—Mr. Henry Wilcox and Mrs. Amanda Wilson, of Port Jervis, spent Tuesday and Wednesday at John Buckbee's.

BLOOMINGBURGH.

Late Fall Plowing—Big Shipment of Hubs—Singing School—Democrats All for Hill.

Correspondence ARGUS and MERCURY.

—The farmers in this section are late with their plowing, this year.

—Mr. Barry shipped more hubs, last week, than in any week in the last year. So much for the Democratic tariff.

—Mr. Ernest Winchester, of Middletown, the teacher of vocal music, is starting a singing class here. Mr. Mills, of Middletown, represented him at Dubois chapel, Monday evening. His terms are very reasonable.

—Bloomington Democrats all endorse Senator Hill. Our Democratic postmaster has the Senator's picture up, so that his Republican friends can see what a fine looking man our next Governor is.

The Trouble Over.

A prominent man in town exclaimed the other day: "My wife has been wearing out her life from the effects of Dyspepsia, Liver Complaint and Indigestion. Her case baffled the skill of our best physicians. After using three packages of Bacon's Celery King for the Nerves she is almost entirely well." Keep your blood in a healthy condition by the use of this great vegetable compound. Call at John J. Chambers, 21 West Main Street opp. Runyons grocery, sole agent, and get a trial package free. Large sizes 50c and 25c.

A Binghamton Baby.

BINGHAMTON, N. Y., Sept. 21, 1893. Dr. Hand's Colic Cure brought a blessing to my house. My baby is eleven weeks old and had the colic since birth every day. Dr. Hand's Colic Cure gave him instant relief and I shall always recommend Dr. Hand's Remedies for Children to all my friends.—Mrs. A. H. Gage, 198 Nestle avenue. Dr. Hand's Colic Cure and Dr. Hand's Teething Lotion at all drug stores, 25c.

Stevenson Too Tired to Speak with Hill.

NEW YORK, Oct. 26.—Although when Vice President Stevenson arrived last night he was too tired to speak at Cooper Union with Senator Hill, half an hour later he declared he would speak at Brooklyn with Amos J. Cummings. About 1,000 people greeted the vice president at Tivoli hall, Brooklyn.

After the Cook Gang.

MUSKOGEE, I. T., Oct. 26.—The Cook gang is headed for the mountains in the western part of the nation, with the Indian police, Indian sheriffs and United States marshals in pursuit. As heavy rewards are offered for the leaders of the gang, dead or alive, it is believed they will be captured soon.

The Ohio Man Won.

WILKESBARRE, Pa., Oct. 26.—Billy Dacey, of New York, and Louis Jester, champion lightweight of Ohio, fought ten rounds at Nanticoke last night for a \$500 purse. Dacey was to have knocked his man out in ten rounds, but he failed to do it. The referee gave the fight to the Ohio man.

A Russian Railway Fatality.

ST. PETERSBURG, Oct. 26.—A collision between two freight trains has taken place near the Przbytkowo station, on the Kosloff Woronesh railroad. Twenty-two cars were demolished, ten trainmen were killed and a quantity of benzine was exploded.

Two Drowned on the Lake.

RACINE, Wis., Oct. 26.—The fishing tug Sea Fox arrived in port last night with a small boat picked up capsized in the lake. Two unknown men left here in the craft yesterday, and are undoubtedly lost.

To Increase the Price of Coal.

NEW YORK, Oct. 26.—The eastern anthracite sales agents reached a conclusion not generally expected. They decided to advance prices and put no limit on the production of coal. This is an unusual proceeding. Heretofore production has been limited, and this limitation has been depended upon to maintain and even advance prices.

Judge Dixon Pleads Not Guilty.

BATON ROUGE, La., Oct. 26.—Judge J. Nathan Dixon, of the supreme court, appeared before Justice Senior and pleaded not guilty to the charge of violating the game laws of New Jersey. The judge is accused of steering a steam launch for a duck shooting party on Greenwood lake recently.

Many Victims of an Earthquake.

YOKOHAMA, Oct. 26.—Further details of the earthquake at Sakata, on the Island of Nippon, show that there was a succession of violent shocks, which destroyed nearly 3,000 houses, killed 200 persons and injured a large number of others.

Russian Nihilists Arrested.

ST. PETERSBURG, Oct. 26.—The police have seized a number of Nihilist proclamations which have been secretly circulated and have arrested a number of young men on the charge of distributing them in various quarters of this city.

Fatal Panic in a Church.

ST. PETERSBURG, Oct. 26.—During the consecration of a church in the village of Troikh, near Ostroviansk, in the Don province, a lamp was upset, a cry of fire was raised and a panic followed. During the rush for the doors two women and three children were trampled to death and twenty-seven persons seriously injured.

Death of Dr. Helmhold.

TRENTON, Oct. 26.—Dr. H. T. Helmhold, of "Extract of Buchu" fame, died suddenly of apoplexy in the state asylum for the insane in this city. He was 37 years of age, and had been an inmate of the institution about three years. Dr. Helmhold became insane about fifteen years ago. He was sent to the Pennsylvania asylum at Norristown, and spent several years there, when his wife secured his release. He then resumed his patent medicine business and became a millionaire. His mental malady developed new phases, and his conduct led to his confinement in the asylum here.

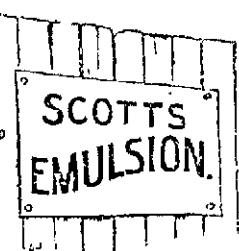

Three Men Burned to Death.

BATON, N. M., Oct. 26.—By the explosion of a lamp in the Central hotel, a frame building, which was one of the landmarks, the hotel was destroyed and three railroad men who boarded there, James La Point, James McGool and Albert Kennedy, perished in the flames.

DEMOCRATIC NOMINATIONS.

For Governor, DAVID BENNETT HILL.
For Lieutenant-Governor, DANIEL N. LOCKWOOD.
For Judge of the Court of Appeals, CHARLES E. BROWN.
For Justice of the Supreme Court, EDGAR M. CULLEN.
For Representative in Congress, EUGENE S. LIVES, of Rockland.
For Member of Assembly—First District, BENJAMIN MCCLUNG, of Newburgh.
For Member of Assembly—Second District, JOHN KINSILA, of Deerpark.
For County Judge, JOHN C. R. TAYLOR, of Middletown.
For Sheriff, GABRIEL TUTHILL, of Middletown.
For County Clerk, CHARLES KETCHUM, of Cornwall.
For Justice of Sessions, HENRY VANDUZER, of Cornwall.
For Coroners, FRANK FLYNN, of Goshen, W. H. POPE, of Newburgh, GIDEON C. HARDING, of Mt. Hope.

President Cleveland went back to Washington without registering. He persists in his refusal to say a word for Senator Hill. Never mind, Democrats, we'll elect the Senator without his help.

The proposed Republican apportionment, by increasing the number of Senators and Assemblymen, will add very largely to the expenses of the State government. This of itself is sufficient reason for voting against this scheme of partisanship run mad.

In Sussex county, this Fall, the Democrats, instead of electing delegates to conventions, voted at the primaries for the candidates of their choice. The returns from the several townships were sent to the County Committee, which announced the result. The plan worked well and afforded no ground for complaint.

Some of the Republican papers are having tantrums because a story is in circulation, that their candidate for Sheriff, Adam Beakes, was standing behind a tree when he was wounded at the battle of Chancellorsville. The Argus hasn't printed the story, but can see no reason for any friend of Mr. Beakes getting in a huff about it. If there was a tree that he could get behind when the air was full of bullets, and Mr. Beakes didn't put the tree between himself and the enemy, it would be proof conclusive that he did not know enough to be Sheriff and had less sense than the fellow "who don't know enough to go in when it rains."

Senator Hill may justly point with pride to his achievements in behalf of the laboring men of this State. To him, and to him almost alone, must be given the credit for originating and compelling the enactment of such laws in their obvious interest as the abolition of the State contract system in State prisons; the prevention of child labor in factories; the overthrow of the sweating system; the checking of undesirable immigration, which had done so much to demoralize the wages of our own workmen; the prevention of the importation of laborers under contract for any piece of work; the weekly payment of workmen instead of the former fortnightly or monthly pay days, and the orders on the company store; the Saturday half holiday; the establishment of Labor Day as a holiday; other recommendations for the benefit of workmen not yet enacted into laws, but which will be if Mr. Hill is elected to fill the gubernatorial chair at the coming election. That the workmen are not unmindful of what David B. Hill has accomplished for them in the past, is evidenced by the rousing receptions he is receiving wherever he appears before them. As notably, the meetings he addressed in Brooklyn and in Carnegie Hall and the Cooper Institute in New York. The workmen are not likely to forget who has been their best friend in the past or who, if given the opportunity, will be most likely to advance their interests in the future.

FIRST TESTS OF THE NEW TARIFF.

Republican campaigners and Republican editors may fire away at the new tariff until the talkers get hoarse and the writers get out of ink, and all to no purpose to win votes so long as the people can get at the facts about the business situation and business prospects under it.

Instead of advice, as was predicted by the calamity howlers, of mills closing down, of furnaces going out of blast, of workshops and factories shutting doors, every day, every hour of every day, brings us cheering news.

All the carpet mills are running; all the hat factories are rushed with orders; there are full hours of em-

ployment, for full forces, in every shoe factory and shirt factory; spindles are humming, looms are clattering, needles are knitting and forges are thundering in all the manufacturing centres, not only all day long, but in some instances after the setting of the sun.

Talk is cheap, ink and paper don't cost much, but facts speak in trumpet tones. The facts are with and for the new tariff, notwithstanding it is yet in its baby months, is only just getting in its work.

LATEST BY TELEGRAPH

THE DEMOCRATIC LEADERS.

Movements of the Vice-President, Senator Hill and Gov. Flower.

NEW YORK, Oct. 26.—Vice-President Stevenson, who is stopping at the Park Avenue Hotel, breakfasted early this morning, and afterwards went for a drive with Ex-Congressman Bacon. Mr. Stevenson speaks, to-night, at Poughkeepsie and tomorrow night at Troy.

Senator Hill left, this morning, for Oswego, where he speaks, to night. From the quiet which prevailed at Democratic headquarters, this morning, it is evident that the campaign managers entertain but faint hopes that Cleveland will endorse Hill, or that he will even come back to the city to register and vote for him. Senator Hill refused to talk on the subject, this morning.

Gov. Flower has agreed to make a tour of the State on a special train for Hill.

PANIC IN A THEATRE.

The Electric Lights Go Out and a Wild Tumult Ensues.

TIFFIN, O., Oct. 26.—A panic was narrowly averted, last night at Noble's opera house, in which were over a thousand people, assembled to hear a lecture.

The electric lights suddenly went out and the wildest commotion prevailed, in which a number of women and children were crushed and bruised but none dangerously injured.

THE CZAR OPERATED UPON.

The Surgeons Succeed in Affording Him Considerable Relief.

PARIS, Oct. 26.—A Livadia dispatch says the operation of thoracocentesis has been successfully performed on the Czar, which consisted of the releasing of the liquid matter by puncturing. The operation has greatly relieved the patient's breathing and heart pressure. The physician says there is no danger of immediate collapse.

LATER. Dispatches to Boston papers say that the Czar has suffered a serious relapse, and it is not expected that he can survive the night or to-morrow, at the very furthest.

A GIRL SUICIDE

Remorse for Kicking Her Father the Motive for Her Act.

TRENTON, Mo., Oct. 26.—Farmer Sprouts, of Grundy county, was chastising his seventeen-year-old son, when the boy's twin sister interfered and kicked in three of her father's ribs. Seized with remorse the girl subsequently committed suicide by shooting herself.

STAMPS AND WATCHES STOLEN.

Burglars Make a Big Haul from a Post Office and Jewelry Store.

HOLLIDAYSBURG, Oct. 26.—The post office and Thomas Reploges' jewelry store at Roaring Springs were robbed, last night. A large quantity of stamps and nearly \$500 were stolen. A big haul of watches was made at the store.

Mighty interesting reading the recent report of a State Dairy and Food Commissioner! The mask of deception is torn from so many articles posing as pure!

For instance, one brand of Beef, Iron and Wine made by a manufacturer, who labels it with the local druggist's name if desired, was a concoction of Alcohol, water and Iron flavored, BUT CONTAINING NO BEEF. Some of that stuff has been offered to the dealers in this city. Who bought it? Beware of Beef, Iron and Wine sold for less than good materials would cost. All Beef, Iron and Wine sold by us, and bearing our label, is made in our Laboratory from fine Imported Sherry Wine, Citrate Iron and pure Extract Beef. IT CONTAINS NO SALICYLIC ACID! It is useful in debility and acceptable to a delicate stomach. Its formula is open to any reputable physician.

Another fraud was Cod Liver Oil adulterated with Cotton Seed Oil! What do you think of that for a sick person. Much of the stuff called "Emulsion" is nothing but Cod Liver Oil converted into Soft Soap by adding alkalies, made by some large manufacturer, who puts the retail druggist's name on it. Our Cod Liver Oil whether in Emulsion or as clear oil, is guaranteed finest Norwegian Cod Liver Oil—absolutely pure. It is worth your while to remember this. Our Emulsion Cod Liver Oil is made in our own Laboratory, so our claims for it are facts based on knowledge. McMonagle & Rogers, Druggists.

A ROUSING MEETING.

ENTHUSIASTIC DEMOCRATS CROWD THE ASSEMBLY ROOMS LAST NIGHT

Ringling Speeches by Hon. Eugene S. Ives and William F. O'Neill, Esq.—Mr. Ives's Able and Convincing Presentation of the Issues of the Campaign—In the Fight to Win—Mr. O'Neill's Elegant and Masterly Address.

It is very doubtful if any of the able and eloquent exponents of Democracy who have addressed Middletown audiences in recent years left a deeper impression upon his hearers than did Hon. Eugene S. Ives, the Democratic candidate for Congress from this district, who spoke to a large and enthusiastic gathering at the Assembly Rooms, last evening.

Among those present were many men whom our Republican friends have reported as having turned their backs upon the Democratic party and its candidates, and who, they assert, had either declared their intentions of voting the Republican ticket, or were in such a state of uncertainty as to the proper course to pursue in the present campaign that their conversion to McKinleyism was only a question of time.

But so ably and so clearly did Mr. Ives point out to his hearers the falsity of the Republican cry that to the Democratic party is due the panic and hard times through which the country has just passed, that in a few moments these same men joined their fellow Democrats in the cheers and applause which greeted the speaker's every utterance.

Mr. Ives was suffering from a severe cold and hoarseness, but for more than half an hour he held the close attention of his audience. His arguments were clear and forcible and were delivered in plain terms and with unmistakable sincerity.

DAVID AND GOLIATH.

Mr. Ives began by contrasting the political situation in this State with that of two armies of long ago, whom we are told, upon excellent authority, stood confronting each other in line. A representative from one of the armies came out and defied any one of the opposing forces to enter the lists against him. They all stood back afraid of the giant, but finally David came forth and slew Goliath. The Democratic party has its David who will rout the Philistines as of old.

MORTON AND HIS POLITICAL RECORD.

Who is Mr. Morton and from whence does he come? He was elected to Congress from one of the New York districts, but so little was heard of him that his constituents turned him down at the next election. Twice his name came prominently forward as a candidate for the United States Senatorship, but twice he was defeated in the State Legislature, by Wm. M. Everts and Frank Hiscock. He was nominated for the Vice-Presidency with Harrison and was elected, but at the Minneapolis convention, which renominated Harrison, the name of Morton was not mentioned for either office. He has done nothing to merit the nomination which he has received, and the speaker did not believe that there was a single Republican who believed in the man's ability and fitness for the office, outside of his ability to write checks for the campaign fund.

ALL DEMOCRATS FOR HILL.

All Democrats have turned to David B. Hill in this, their hour of need. All factions are united to overthrow the common enemy. Most Democrats have always loved Mr. Hill, and all will rally, at this time, to his support. Every speech he makes throughout the Empire State spreads consternation among the enemy, and everywhere Democrats of all factions greet him with, "God-speed, we'll elect you."

THE SQUANDERED SURPLUS.

"No fair-minded man will discuss the candidates," continued Mr. Ives, "let us therefore discuss the measures. I can't understand why any one of a fair mind can attribute the hard times to the Democratic administration. Is it not a fact that Mr. Harrison found a surplus in the national treasury of about \$200,000,000, and that Mr. Cleveland on his return to the head of the affairs of the nation found a bankrupt treasury?"

Every Republican in Congress voted for the Sherman Silver bill, and every Democrat voted against it. When Mr. Cleveland was inaugurated every Republican newspaper in the country clamored for its repeal, and an extra session of Congress was convened and the infamous Republican measure was repealed, even its author, Mr. Sherman, voting in favor of its repeal.

THE MCKINLEY TARIFF.

The McKinley Tariff bill was voted for by every Republican in Congress, while every Democrat voted against it. The prohibitory tariff so reduced the revenues of the country that had the Republican party been retained in power, it would have been confronted with the same conditions which existed when the Democratic party was returned, and would have had to modify the bill so as to procure the funds necessary to meet the expenses of its extravagant administration.

RESPONSIBILITY FOR BUSINESS ILLS. Both of these Republican measures are responsible for the condition of

affairs which confronted the Democratic party. The one increased the expenses and the other reduced the revenue necessary to meet the same. No business can pay out \$100,000 per year for expenses when its income is only \$50,000, and live. Bankruptcy is sure to follow. Mr. Hill's attitude in the Senate, his defense of Mr. Cleveland, and his fight for the Wilson bill were referred to at length by the speaker.

WHO DELAYED TARIFF ACTION.

Mr. Ives would have preferred to have Congress act more promptly in the passage of the Wilson bill, but explained the difficulties which confronted the Democratic Senators, and the inalienable rights of Senators to discuss the questions as often and at as great length as they please. Whenever a Democratic Senator would endeavor to force an early consideration of the measure, Senator Quay would arise and announce that on the following day he would speak on the question, and his speech would last forty days. No bill could have been passed without concessions and had not the same been granted, Mr. Quay would still be talking. Rather than upbraid them for the delay in passing the bill, let us praise them for having passed any at all. The bill has been in operation only two months and upon every hand a decided improvement in business is being made.

The improvement in business is here and is bound to continue, but if the Republicans are elected this Fall, they will claim all the credit and cry, "Look, how prosperous we are!"

IN THE FIGHT TO WIN.

Mr. Ives then referred to his own candidacy and the fact that Rockland county had not had a Democratic Congressman in fifty two years. He appreciated the fact that he is running against a man who will leave no stone unturned to secure his election. "But," he said, "I'm going to beat him."

This remark was greeted with applause and cheers lasting fully two minutes.

"But in order to do so, I ask and think I have the right to expect, the support of every Democratic Orange county. No sentiment of county pride or personal friendship should be allowed to interfere with a party vote. Allegiance to the party will win the fight."

At the conclusion of Mr. Ives's remarks the assemblage gave three rousing cheers for the speaker, for Senator Hill and all the Democratic nominees.

CHAIRMAN W. F. O'NEILL'S SPEECH.

The meeting was called to order by the Democratic candidate for County Judge, John C. R. Taylor, Esq., who presented the name of Wm. F. O'Neill, Esq., as chairman.

Mr. O'Neill opened the meeting with a ringing speech, in which he dwelt at length upon all the vital issues of the campaign. He reviewed the history of the Democratic party since Mr. Cleveland launched his famous tariff message to Congress, in December, 1887. So ably so eloquently did he present his arguments that as a consequence he was frequently interrupted by cheers and loud applause.

We regret that lack of time and space do not permit us to print in full the many notes of Mr. O'Neill's speech, which were taken by our reporter, but Mr. O'Neill will doubtless be heard again in this city before the close of the campaign, and we advise everyone who can to go and listen to him. He has mastered his subject thoroughly and his arguments are most convincing.

THE HOSPITAL FAIR.

A Large Audience Present—An Excellent Entertainment—The "Living Pictures" a Success.

The attendance at the Hospital Fair at the Casino, last night, was much larger than on the previous evening, although the weather was unpleasant and stormy.

The entertainment provided was most excellent, and was thoroughly enjoyed by all present.

Mrs. John F. Dusenberry opened the entertainment with a piano solo, which was admirably executed and was greeted with hearty applause.

Mrs. Stewart's picture gallery or the "living pictures," were excellent. The first one was "Parthenia and Ingomar," and was represented by John L. Wiggins, Esq., and Miss Grace Adams. "Home from the fields" was the second picture, in which Miss Mamie O'Neill was the principal character, surrounded by a number of lads with wheelbarrow, hay, etc.

Miss Gertrude Carland, an elocutionist of Jersey City, next recited "Behind the Curtains" in good style and fine effect. Miss Carland is at ease before an audience, is graceful in her manner and has a sweet voice. All of her selections were well received. She can mimic anything from a mother scolding the children who scratch the piano, to a bugle call.

The "Judgment of Midias" was represented by Misses Mamie Jones, Anna Bull, Nellie B. Royce, Grace Wales, Anna G. Taylor, Mrs. C. A. Crans and Mrs. John Terwilliger, and Messrs. Chas. A. Adams, Arthur Gordon, Henry Norton and Master Ralph Van Duzer. This was difficult to present owing to the many figures and was creditable, indeed.

Mrs. Clarence H. Sweezy, who always pleases her hearers, sang a solo during the evening, which was much enjoyed.

The picture, "First Pay," was represented by Miss Bertha Morgans and Messrs. Gordon, Adams and Garrett T. Townsend.

Misses Adams, Bull and Royce, and Messrs. J. L. Wiggins, Arlington Amber, Marshal Walthal and Ralph Stratton took the parts in the "Oath of Horatii." Misses Mamie Jones, Grace Crans, Bessie Rogers, Lizzie Mead, Anna Bull, Bertha Morgans, Grace Wales, Anna G. Taylor, Nellie Purdy, Mamie O'Neill, Mrs. C. A. Crans, Mrs. John Terwilliger and Mr. Henry M. Norton, took the parts in "The Alarmed Boarding School," after which "The Hoe Down" was pictured.

All the ladies and gentlemen sat on the floor, while Masters Clarence Merritt and Willie Green danced a jig. Their dancing was fine and caused much fun. They will appear again, to-night.

Messrs. O. H. Brown, T. Ed. Hayes and George Iseman gave three selections, the two former gentlemen playing on mandolins and the latter accompanying them on the banjo.

AN INTERESTING SKETCH.

Nothing appeals so strongly to a mother's affection as her daughter just budding into womanhood. Following is an instance: "Our daughter, Blanche, now 15 years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. She was in such a condition that we had to keep her from school and abandon her music lessons. In fact, it was feared St. Vitus dance, and she was positive but for an invaluable remedy she would have had that terrible affliction. We had employed physicians, but she recovered no benefit from them. The first of last August she weighed but 75 pounds, and although she has taken only three bottles of Nervine she now weighs 110 pounds; her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and studies with interest and ease. She has recovered complete use of her arm, her appetite is splendid, and no money could procure for our daughter the health she now enjoys. When my brother recommended the remedy, I had no faith in patent medicines, and would not listen to him, but as a last resort he sent us a bottle of Nervine, and in giving it to Blanche, the effect was almost immediate."—Mrs. R. STOCK AND PRODUCE MARKETS.

Closing Quotations of the New York and Philadelphia Exchanges.

New York, Oct. 25.—Although the transactions on the stock exchange today were a trifle larger than on yesterday, the trading was dull and uninteresting, except in the coal stocks, which were unusually active and heavy, owing to alleged friction among the several companies and reported overproduction. Our Small Mineral Product.

The total value of the mineral product of the United States in 1893 was the smallest since 1859, according to a recently issued report of the government geological survey. It represented \$609,821,670, compared with \$688,616,954 in 1892, a decline of 11.44 per cent. The most conspicuous decline was in iron and structural materials. Bituminous coal showed a slight increase in quantity over the product in 1892. Petroleum increased in value, but decreased in quantity. Pig iron declined from 9,157,000 tons in 1892 to 7,124,502 tons in 1893. The total product of iron ores fell from 16,296,666 tons, worth \$33,204,596, to 11,587,629 tons, worth \$19,265,973 at the mines. The gold product, on the other hand, increased from 1,596,375 troy ounces, with a comage value of \$33,000,000, in 1892, to 1,739,081 ounces, worth \$35,950,000, in 1893, the largest quantity since 1856. Of silver there was mined in 1893 66,000,000 ounces as against 63,500,000 ounces in 1892.

Fees of Famous Physicians.

The Dutch Medical Journal, just out, contradicts Dr. Shrady's assertions in his recent article in an American magazine regarding the fees of famous physicians. It says:

"The fees attributed to Sir William Osler and Sir Andrew Clark for county attendance are multiplied by ten. The total fees earned by Sir Morell Mackenzie for attendance on the German emperor, extending over months, are doubled, and no such fee as £50,000 was ever earned by any surgeon in India."

Blood Serum for Diphtheria.

Experiments in the treatment of blood serum for diphtheria are meeting with increasing success. In Vienna the patients in the Children's hospital there, who are given up under ordinary treatment, are receiving the new remedy, and a number of them are recovering.

French Detective, on Bicycles.

The precautions which have been taken for the protection of the president of the French republic have in no way been relaxed. The police bicycle corps is now used for this service whenever the president drives about Paris. On his return to the city from his country home several detectives on bicycles accompanied the carriage, surrounding it on all sides. The French police are also making practical use of detective cameras. They shadowed two suspicious characters who were selling securities to money changers in Paris, and on the way to their lodgings the detectives succeeded in getting a good snap shot at them. They took the plate to headquarters, found that the photographs corresponded to those of two expert swindlers and returned and arrested them. They had a large amount of stolen booty, which they have been gradually turning into cash.—Paris Letter.

Imperial Federation Agitation.

Some of the leading members of the defunct Imperial Federation league are preparing for the active propaganda of its principles, but on different lines. It is proposed to divide London and other large cities into small areas, in each of which lectures shall be regularly, taking imperial unity as their text. The new propaganda is not so ambitious as the old one, but is not likely to prove more successful, the masses being still suspicious that imperial federationists are merely Tories in disguise.

DEAR, DEAR, DEAR!

Horrible News From the Orient Received Through a 3 1/2 Inch Cable.

The retreat of the Chinese army from Korea without having made any great show of resistance has set all the military men guessing. No one can tell why the emperor should allow the seat of war to be transferred to his own domain. It will be seen at a glance that for the purpose of fighting Korea is far better than the Chinese frontier. In the face of all this and for no apparent reason the troops of the emperor have been withdrawn, and the Japanese have been allowed to mass their armies on the peninsula which composes Korea.

If a story which came out today is true, all the slightest things said of the Celestials and their leaders will have to be withdrawn. What is apparently the most flagrant piece of military mismanagement may be a stroke of genius which will set the achievements of all the great tacticians of history far into the background.

The plot, as declared by several minor officials, is in substance as follows: All the troops, agents and sympathizers of the Chinese are to be withdrawn from the peninsula of Korea. This is an invitation for the Japanese to greatly augment their armies upon the peninsula preparatory to a bold march into China. So far the plan has worked to perfection. And now there only remains the greatest coup ever attempted in any age. The plan is to cut a deep trench entirely across the isthmus connecting Korea to the mainland of Asia and to the Chinese empire. The structure of the point of land is a heavy layer of shale, resting upon bedrock. At every point where the Chinese army of occupation has camped, it is alleged, holes have been drilled, and immense quantities of lubricating oils have been forced down upon the surface of the bedrock. As the various divisions have slowly retreated apparently before the oncoming Japanese, these operations have been continued. The next move will be the last, according to the informers.

As soon as the Japanese are massed upon the peninsula the function of the trench will be made evident. It will be cut down to bedrock, and a large quantity of dry timber will be tightly wedged in. Above that a little height iron bars will be placed. The timber idea is one borrowed from the Egyptians in their operations by which the obelisks were cut out in single immense blocks. Water will be poured in, and the timber will swell, exerting a powerful pressure. Then, by means of electric appliances the iron bars or blocks will be quickly heated to a high temperature and thereby expand, adding greatly to the force which the swelling timbers will be putting forth. Last of all, the entire Chinese army will be set to work in the trench, which will be hundreds of miles long. Each man will be armed with a powerful hydraulic jack, which he will operate when the iron and wood are getting in their best work.

The bedrock slopes seaward, and the result may be better imagined than described. The shale, having been thoroughly lubricated, will slip with comparative ease on the smooth surface of the rock, so that the Chinese engineers. Thus, when the millions of tons of pressure is brought to bear, the entire peninsula is expected to start slowly on its foundations. Then, as the great mass gathers headway like a launching ship, it will increase its speed and finally dash into the Japan sea.

Instant and complete destruction will fall upon the armies of the mikado as well as upon every man, woman and child in Korea. Nothing in the way of annihilation can compare with this except perhaps the fate of Pharaoh's army in the Red sea.

The immediate effect upon the Japan sea can scarcely be imagined. The Chinese warships will have been withdrawn to some safe haven, and the total destruction of nearly all of Japan's navy is assured.

The tidal wave is expected to almost wipe out the Japan islands. The waters will probably pour over the islands and sweep them of every vestige of animal and vegetable life.

This may sound like the dream of an insane man, and in order to carry weight with it your correspondent had the affidavits of his informants duly prepared. Unfortunately, however, the Chinese notaries have a seal nearly four inches in diameter, so when an attempt was made to cable the affidavits they stuck, as the cable is only 3 1/2 inches through.—Loo-Jac Special to Cleveland Plain Dealer.

THE COMMON COUNCIL.

TWO SPECIAL MEETINGS HELD LAST NIGHT.

The Albert Street Sewer Assessment Committee—Mayor's Action in the Matter of Suspended Police Officers Sustained—Other Business Transacted.

An adjourned special meeting of the Common Council was held, last evening, for the purpose of hearing grievances in the matter of the Albert street sewer assessments. There were no grievances presented, and a resolution was offered confirming the report and assessment, and also that a warrant be issued to the clerk for the collection of the assessments, amounting to \$651.33.

The meeting then adjourned.

ANOTHER SPECIAL MEETING. Another special meeting was immediately convened to take action upon a communication from Mayor Stansbury, and such other business as might come before the meeting. The whole Board was present.

MAYOR STANSBURY'S COMMUNICATION.

The communication from the Mayor was read and ordered placed on file. It was a report of his action in the cases of Officers Sharpe and Wilson, whom he suspended for fourteen days for cause. Alderman Bowler moved that a committee be appointed to investigate the charges against the policemen.

Aldermen Greene offered an amendment requiring the Captain to produce witnesses and that the Board go into executive session to consider the charges. The amendment was carried.

RAILROAD AVENUE TO BE CURBED AND GUTTERED.

Alderman Reed presented a resolution ordering Railroad avenue to be curbed, graded and guttered, and that the owners of properties abutting be notified to have the curb set within ten days. The resolution was adopted.

Upon motion a sewer basin was ordered at the corner of North street and Low avenue.

TO WIDEN THE MONHAGEN AVENUE BRIDGE.

A resolution offered by Alderman Sinsabaugh was adopted, providing for the widening of the bridge on Monhagen avenue, near the junction of West Main street, to the full width of the street and that the work be commenced at once.

Permission was granted Waalkill Engine Company to take its parade carriage to Passaic, on Nov. 1st. The sidewalk on the north side of Monhagen avenue, from West Main street to the lands of A. L. Decker, was ordered graveled.

AN EXECUTIVE SESSION.

The Council then went in executive session, and the room was ordered cleared of all outsiders. The reporters entered a protest, and upon motion of Alderman Mance, seconded by Alderman Luddington, the newspaper men were allowed to remain. All the policemen who were present at police headquarters on the night when the difficulty between Officers and Sharpe and Wilson occurred were called upon to relate the circumstances of the dispute as they heard them.

THE MAYOR SUSTAINED.

After listening to the testimony the Council voted to sustain the action of the Mayor in suspending the officers for fourteen days without pay.

An invitation of the Mayor and Common Council of Passaic, requesting the presence of the Middletown officials on the occasion of the fireman's celebration in that city, Nov. 1st, was read and accepted. The Council then adjourned.

An Alleged Kidnapper in Jail.

From the Livingston Manor Ensign.

Ruben Lewis, one of the crowd who kidnapped his daughter near Roscoe, recently, and assaulted the parties with whom she was living, was captured by Constable John Hornbeck, at East Glen Wild, Monday morning, and taken to Downsville in the afternoon. Tuesday he was sent to Delhi jail to await the action of the Grand Jury.

The 24th Bowling Team.

The bowling teams of the 24th Separate Company will meet at the armory, this evening, for preliminary practice. A team of five will be selected from the following members, to meet Goshen in a tournament during November. Royce, Colwell, Barnes, Smith, Decker, Shafer, Dickerson, Ashley, Bowler, Rose, Dugan, Seadman, Nicklison and Knapp.

Ringed Noises.

In the ears, sometimes a roaring, buzzing sound, is caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood.

Hood's Pills are the best after dinner pills, assist digestion, prevent constipation.

Crow's \$3.00 shoe, hand made, best value in Middletown. Guaranteed to outwear two pairs of store shoes at this price. 22 West Main street.

TRANSFER OF CITY PROPERTY.

Mrs. Williamson Receives a Deed from the City and Work on Cornelia Street Will Be Commenced at Once.

The transfer of the city lot on Bonnell street to Mrs. Mary B. Williamson in exchange for her lot on the same street, was made yesterday afternoon. Mr. Jacob Wood has the contract for moving Mrs. Williamson's house from its present location to the new lot. Work will be commenced at once.

The Erie Company has not built the overhead bridge, nor is it likely that they will do so this fall. The Traction Company, however, may erect a temporary structure, and may be able to extend its line to the asylum gates before winter sets in.

TAKEN FROM A BURNING HOUSE.

A Child Rescued in the Nick of Time. From the Livingston Manor Ensign.

Charles Hughes's house, at Woodbourne, was destroyed by fire, last Thursday night. Mr. and Mrs. Hughes were husking corn in the barn, and the children playing in the stables when they saw the flames. When they had finished and started to the house at a later hour the house was all in flames. One child was rescued just in time to save its life. It is supposed that the children started the fire.

AT GRACE CHURCH TO-NIGHT

Beginning of a Special Series of Sermons by Rector Evans.

The Friday night services in Grace Church will be resumed this evening, at 7:30, and a series of short sermons on the heroes and heroines of christian history will be commenced. The subject of this evening's sermon will be "Jeanne D'Arc."

The Funeral of the Late Dr. Bradner.

The funeral of the late Dr. Ira S. Bradner was held at 2 o'clock, this afternoon, from his late residence on Orchard street. Only the immediate relatives and friends of the deceased were present. The services were conducted by Rev. Chas. Beattie, of the Second Presbyterian Church. A number of friends viewed the remains during the morning. The casket was draped with an American flag and potted plants were tastefully arranged about the room.

The following physicians officiated as pall bearers: S. H. Talcott, G. A. Emory, E. Faucher, T. D. Mills, B. Pillsbury and J. L. Hammer.

The interment was in the family plot in Hillside Cemetery.

A Sullivan County Divorce Case.

Evidence was taken Oct. 19th and 23rd, before Geo. H. Keeler, referee, in the suit of Henrietta Rexford against Charles Rexford, both of Loch Sheldrake, for divorce. There was no defense, and the infidelity of the husband was proved by several witnesses. The couple have four children.

A Wonderful Recovery.

William Hush, of Moravistown, Sullivan county, who dislocated his spinal column by a fall from a building, two months ago, and whose vertebrae were shaken back into place by the jolting of the wagon in which he was being taken to his home, has so far recovered that he visited Livingston Manor, Saturday.

Reward Offered for the Return of a Missing Canteen.

Mr. B. W. Clark, of Westtown writes to the Argus for information concerning a black and tan and white shepherd dog, which followed a man named McGill to Middletown, recently. A suitable reward will be paid for its return to the owner.

Last Chance to Be Naturalized.

A number of applicants for naturalization papers went to Goshen, today, where Judge Beattie is holding the last term for that purpose, prior to the coming election.

A Horrible Railroad Accident.

Is a daily chronicle in our papers; also the death of some dear friend, who had died with Consumption, whereas, if he or she had taken Otto's Cure for Throat and Lung diseases in time, life would have been rendered happier and perhaps saved. Heed the warning! If you have a cough or any affection of the Throat and Lungs call at John J. Chambers, 21 West Main Street opp. Runyons Grocery, sole agent and get a trial bottle free. Large size 50c and 25c.

WHAT YOUR THUMB TELLS.

square Type.

The thumb is an unfailing index of character. The Square Type indicates a strong will, great energy and firmness. "Closely allied is the Spaulding Type, the thumb of those of advanced intellect and business ability. Both of these types belong to the busy man or woman; and persons especially for such persons a whole volume of new ideas condensed in a small space so that the record of the whole world's work for a month may be read in half an hour. The Conical Type indicates refinement, culture, and a love of music, poetry, and fiction. A person with this type of thumb will thoroughly enjoy the literary attractions of the most advanced literature. The Artistic Type indicates a love of beauty and art, which will find rare pleasure in the magnificent oil-pictures of great masters, which will be given to every subscriber to Dime's Magazine for 1895. The cost of this superb work of art was \$500 only, and the reproduction cannot be distinguished from the original. Besides this, an exquisite oil or watercolor picture is published in each number of the Magazine, and the articles are so profusely and so expertly illustrated that the Magazine is, in reality, a portfolio of art works of the highest order. The Philosphic Type is the thumb of the thinker and inventor of ideas, who will be deeply interested in those developed monthly in Dime's Magazine, in every one of its numerous departments, which cover the entire artistic and scientific field, embracing every fact, fancy, and fall of the day. Dime's Magazine is simply a perfect Family Magazine, and was long ago crowned Queen of the Monthlies. Send in your subscription. It will cost only \$2.00 and you will have a dozen Magnificences in one. Address: W. A. S. B. Dime's Magazine Publisher, 15 East 11th Street New York.

I thought not a fashion magazine, its perfect fashion pages, and its articles on family and domestic matters will be of superlative interest to those possessing the "Feminine Type" of thumb, which constantly reminds the women of their duties to the whole family.

enter every one of them should subscribe to Dime's Magazine. If you are unacquainted with a merit, send for a specimen copy (free), and you will admit that among these 731 MBs, has put on the way of saving money by finding in one magazine everything to satisfy the literary wants of the whole family.

MAKE

Is one of the greatest differences in ready-made clothing. Some clothiers buy such poorly made and ill fitting clothing, that the cloth is worth more before it is cut up than after being made

We Manufacture All Our Clothing

and, therefore, cut the cheap clothing just as stylish and with as much care as the better grades. Our finer goods are made up better than the cheaper grades in some respects, but the cheaper clothing is made up with but one end in view—SERVICE

EVERY DOLLAR

you pay us for clothes represents so much value. If you buy a \$4 suit or overcoat of us, it has got to give you that much value or we give you a new one. If you add a dollar to the four dollars and buy a \$5 suit or overcoat, you get a dollar's worth more value. If you double your "V," and buy a \$10 suit or overcoat you'll get one that's worth exactly twice as much as the \$5 one, and you'll save \$3 by buying it of us, as that is the amount which represents the middleman's profit. If you want to make your dollars count
